

NuMIXER™ Quick Facts

“GREEN” ASPHALT BIO OIL FOR IMPROVED VISCOSITY AND LOW TEMPERATURE PROPERTIES

- All natural— Unique chemistry formulated from prime ingredients with no animal fats or greases!
- Improves low temperature properties
- Reduces asphalt viscosity
- Compatible with all asphalts
- Excellent aging characteristics
- Improves compound adhesion to variety of substrates in Roofing formulations
- No odor
- Improves polymer compatibility & dispersion
- Effective with RAP/RAS mixes - reduces virgin asphalt requirements
- Highly stable at mix/use/storage temperatures
