5. Fire Fighting Measures	
Flash Point: (COC)	N/A
Suitable Extinguishing Media:	Foam, Carbon Dioxide, Dry Chemical
Unsuitable Extinguishing Media:	Avoid use of water
Fire Fighting Instructions:	Remove bag from fire area if possible. Do not scatter spilled material with high-pressure water stream. Toxic fumes may develop. Wear self-contained breathing apparatus for firefighting, if necessary.
Specific Hazards:	
Fire and Explosion Hazard:	Presents no particular fire or explosion hazard. In powder form, if any ultrafine particles are suspended as dust in air, it may present a risk of explosion, the addition of binding agent makes this unlikely
Products of Combustion:	Thermal decomposition may produce: carbon dioxide, sulfur dioxide, carbon monoxide, water vapor.

6. Accidental Release Measures	
Emergency Procedures: Personal Evacuation and Safety:	Evacuate all persons away from incident and allow only rescue persons with full respiratory gear (oxygen masks) into location if needed. Avoid breathing dust. Avoid dust formation. Take precautionary measures against static discharges.
Environmental Precautions: Containment of Spill:	Prevent discharge of large quantities to drain or water courses.
Clean-up and Disposal:	Scoop spillage into suitable containers and send to approved waste disposal site.
Personal Protective Equipment (PPE):	
Eyes:	Goggles with side shields
